V-Sound Productions staff is also PROHIBITED from surfing the internet, checking e-mail, chatting online or playing games during an event. This ensures that your DJ will be conducting themselves in a professional manner and focusing their FULL and COMPLETE attention on YOUR event.

Keep in mind, most DJ's who use mp3's use computers. Many of these DJ's use their computer wireless internet connection to download illegal music, surf the internet, play video games, check e-mail and use chat sites DURING an event. Not only is this behavior extremely unprofessional but it takes the DJ's attention away from YOUR event and YOUR needs and exposes you to additional risk. Would you want your DJ surfing the web, checking their e-mail or using Twitter, Facebook or some other chat site DURING your wedding or special event? NO! That's NOT what you are paying them for.

9) PRIVACY & CODE OF ETHICS POLICY

The V-Sound Productions Privacy & Code Of Ethics Policy is a detailed statement of V-Sound Productions' business standards and practices for your safety and piece of mind. Many DJ's do NOT have any kind of policy of this type and no one has as comprehensive and as detailed a policy as we do at V-Sound Productions. We value and respect our clients. For more information on this policy, visit our web site at www.vsoundproductions.com.
